

# CIRCULAR

**FILE:** AP\_4/12/18 **TO:** SPREP National Focal Points  
**DATE:** 24 November 2021  
**CIRCULAR:** 21/148  
**SUBJECT:** **Upgraded Data Portal Launch**

Dear SPREP Members,

The Environmental Monitoring and Governance (EMG) Programme of SPREP is currently executing the GEF funded Inform Project, implemented through UN Environment, which has supported and delivered several key targeted interventions to support environmental decision making in the region.

The Inform project has developed a network of data portals throughout the Pacific for each of its 14 Pacific Island member countries for cataloguing and sharing national data. It also developed a regional data portal called the Pacific Environment Portal (PEP) collating the information at the regional and international levels. We are pleased to announce the launch of our upgraded environment data portal to showcase new features as well as functionality that are easier to use and navigate. The upgraded portal also reinforces the importance of data management and availability in the Pacific region.

We cordially invite you all to the launch on Thursday 25<sup>th</sup> of November 2021, 2:00pm (UTC +13:00)

For more information, please contact Jonathan Porter [jonathanp@sprep.org](mailto:jonathanp@sprep.org)

Thank you for your continued support and cooperation.

Yours sincerely,

Kosi Latu  
**Director General**
