CIRCULAR: 22/20

SUBJECT: **Call for nominations: Pacific Climate Change Centre virtual training on “Enhancing Climate Resilience and Safe Water Access in Rural Areas in the Pacific” 2-27 May 2022**

Dear Focal Points,

I am pleased to inform you that nominations are being accepted for the Pacific Climate Change Centre (PCCC) ninth regional training on “Enhancing Climate Resilience and Safe Water Access in Rural Areas in the Pacific”. This training is a core activity of the PCCC Project for Capacity Building on Climate Resilience in the Pacific (CBCRP-PCCC). The training will be held from 2-27 May 2022 through the PCCC e-learning platform. Kindly note that this training will be delivered in both English and French.

The training program aims to:

- Enhance understanding of assessment of climate risk and vulnerability of rural safe water access.
- Enhance understanding of adaptation and mitigation options including innovative approaches.
- Provide examples of cases in the Pacific Island Countries.
- Develop skills for project development and management.

In light of the above, I have the pleasure of inviting you to nominate a maximum of ten (10) participants from your country/territory to attend the training. It is expected that government and non-government officials and practitioners including the private sector, who are working in the relevant units of rural water and climate change, will join this training program. We would like to request a gender balanced nomination, where possible.

All nominations are to be submitted using the Nomination Form annexed hereto and must be endorsed/approved by the Climate Change Focal Point. Kindly send all nomination forms to the CBCRP-PCCC at cbcrp.pccc@gmail.com at your earliest convenience and no later than **Monday 25 April 2022**.

Yours sincerely,

Kosi Latu
Director General
