SUBJECT: Invitation to the Pacific Climate Change Virtual Climate Innovation Exhibition 2022 Blended Platforms – Pacific Climate Change Centre and Virtual on 4-6 October 2022

Dear Focal Points,

I have the pleasure of inviting you to the **Pacific Climate Change Centre (PCCC) Virtual Climate Innovation Exhibition, from 4-6 October 2022.**

The PCCC is the Pacific Centre of Excellence for supporting innovative solutions that are creative and new, turning ideas into solutions including the application of ideas that are novel and fit for purpose for our Pacific region, and relevant to the needs of our people.

The Virtual Climate Innovation Exhibition aims to:

- a) showcase the innovative solutions to climate challenges
- b) provide a platform for a talanoa (dialogue) between innovators, private sector communities, universities and research institutions, NGOs and government on three key thematic areas - Natural Hazards and Disasters; GHG Emission Reduction; and Agriculture, Water Protection and Biodiversity.
- c) bring together partners to the table for a discussion on key challenges of climate change in the Pacific and explore how their partnerships are supporting innovative solutions to address them.
- d) explore networking opportunities
- e) target diverse audiences including representatives from the private sector, research institutions, researchers, knowledge brokers, public sector, regional organisations, youth and gender groups; and
- f) Bring speakers, panelists, contributors from around the Pacific and beyond

To register for this exciting event, please use the following link and provide your details no later than **Monday 3 October 2022** – <https://bit.ly/3B6dXUE> . Samoa-based participants are welcome to join at the Pacific Climate Change Centre, SPREP Campus, Vailima on the days of the event (1pm-4pm daily, 4 - 6 October 2022)
