Dear Focal Points,

I am pleased to inform you that nominations are being accepted for the Regional training on **“Developing capacity to apply the impacts Methodology and utilise the Adaptation Impacts Database.”** The training will be hosted by The Secretariat of the Pacific Regional Environment Programme, through the Global Climate Change Alliance plus (GCCA+ SUPA) Project under Output 1 and will be held on **21-30 November in Nadi, Fiji.**

This Regional training aims to:

- Enhance understanding of the impacts Analysis Methodology and its application.
- Give the practiced confidence for country participants in applying the “light version” impact tools, collect data, collate and analyse before data is populated into the newly built Adaptation Impacts Database.
- Showcase and develop capacity in the use of the Adaptation Impacts Database to country representatives
- Increase learning capacity of country officers on the use of Geographic Information Systems (GIS) and spatial analysis

In consideration of the above, it is my pleasure to invite you to nominate relevant representatives to attend the training. We also request a gender-balance nomination, where possible. The travel costs of maximum three (3) participants per country will be supported by GCCA+ SUPA Project. All nominations are to be submitted using the Nomination Form (Annex 1) annexed hereto and must be endorsed/approved by the Climate Change Focal Point. Kindly send all nomination forms to: Ms. Monifa Fiu at [monifaf@sprep.org](mailto:monifaf@sprep.org) and cc: [gcca+supa@sprep.org](mailto:gcca+supa@sprep.org), as soon as possible, and no later than 06 October 2022 (11:59 PM Samoa Local Time).
